# ASPEN / SNOWMASS SKI AREA DESCRIPTIONS

**Ski 4 Mountains with your RF Ticket Card that is good at every lift on all 4 mountains each ski day.**

**Snowmass Ski Area** – boasts a vertical drop of 4,406 feet and 3,128 acres of skiing and offers runs for every ability. From the gentle dips and drops of Elk Camp to the wide open cruising trails on the Big Burn to the aggressive, double-black-diamond runs of Hanging Valley, it is easy to see why Snowmass is among the top rated ski areas in North America!

**Buttermilk Mountain** - is designed primarily for teaching skiing and improving your technique. Check out the great bumps on Sterner or learn how to ski the trees in Timber Doodle Glades. Local skiers head for the black runs on Buttermilk, especially on powder days - one of Aspen's best kept secrets. Buttermilk offers two on-mountain restaurants to try during your ski week.

**Aspen Mountain** - is ideal for intermediate to expert skiers as it offers some of the most challenging skiing in the world. From the steep, gladed runs of the "Dumps", to the incredible bump skiing on Ruthie's Run, Aspen Mountain is truly the skiing athlete's dream.

**Aspen Highlands** - has always been a local's favorite with uncrowded slopes, terrific views, a friendly atmosphere, exciting and diverse terrain. Skiers can enjoy the gentle beginning slopes, the beautiful intermediate cruising terrain, or challenge themselves on Steeplechase and Highland Bowl. Aspen Highlands is a multi-faceted area with terrain to satisfy every level skier.
