

## **FACADEMIES & 30TH YEAR REUNION JUNE 27, 2009**

There isn't much I can say about this year's Facademies & 30<sup>th</sup> Year Reunion celebration except

**WOW!**

Lynn LeGoy, her committee and band of volunteers have set a new standard for those of us who follow them. The facility, food and the band were exceptional. The presenters with their skits and stories were great. And it appears the Club has a budding song writer/singer, Kevin Brett.

The evening was made very special by the attendance of the past members who joined us for this 30 year reunion. I only hope that they realized how much the newer members enjoyed having them among us, telling the stories about the early days. For those long time members it was even more fun to see old friends again. What a special treat this was and our hats off to the past Board of Directors for supporting this event.

### ***This year's annual award recipients were:***
